Team Description: We are working on affordable 3D mobile mapping systems and navigation in harsh environment. We have already some achievements, but we are far from being satisfied from our robotic system performance. We would like to face the reality again.

Sponsors: non

Selection of scenario:

- Reconnoitring (3D mapping & find OPIs)
- Mule (shuttle between two locations)
- Convoying (transport with two vehicles)
- Search & Rescue (SAR) / CasEvac (find and drag a dummy body)
- Reconnaissance and disposal of bombs and explosive devices (EOD/IED)

Proof of citizenship: A copy of team leader passport will do (will not be published)!
